

THIRAPAT NOBPART

FULL-STACK DEVELOPER

Roi Et, Thailand | +66 925 435 425 | zzzcop236@gmail.com | [portfolio-kkxpter](#) | [github-kkxpter](#)

Computer Science student specializing in Full-Stack Development and UX/UI Design. Skilled in modern web technologies including Next.js, Prisma, and Figma. Demonstrated ability to deliver projects from concept to deployment in a professional environment.

TECHNICAL SKILLS

Frontend: Next.js, React, JavaScript, TypeScript, Tailwind CSS

Backend: Node.js, Express.js

Database: MySQL, PostgreSQL, Prisma

Design & Tools: Figma, Canva, GitHub, Vercel, Postman

KEY ACHIEVEMENTS

- **Project SATI:** Successfully migrated a government-level educational web application from static HTML to Next.js, enhancing scalability and performance.
- **Full-Stack Implementation:** Designed and developed end-to-end web applications, integrating user-centric interfaces from Figma with robust backend logic.

PROFESSIONAL EXPERIENCE

IT & Digital Developer Intern | Ministry of Digital Economy and Society (MDES) Dec 2025 - Mar 2026

- Developed the "SATI" (Know the Scams) web application to educate the public on cyber threats through interactive digital media.
- Managed the full development lifecycle, translating complex government requirements into responsive UI components and efficient backend logic.
- Collaborated across departments in an Agile-like workflow to refine system architecture and ensure compliance with institutional standards.

PROJECTS

SATI (Know the Scams) – Cyber Security Awareness Web Application

- Migrated an educational platform from static HTML to Next.js, significantly improving scalability and performance.
- Led the full development lifecycle, from UI/UX design in Figma to full-stack implementation using Prisma ORM and PostgreSQL.
- Refined backend logic and UI components to meet complex requirements in an Agile-like workflow.

Techomancer E-commerce Website

- Designed an intuitive PC builder interface in Figma and implemented a responsive frontend using React.
- Engineered RESTful API logic with Node.js and managed database operations via MySQL.
- Deployed the full application on Render, ensuring stable and accessible live demonstration.

EDUCATION

Bachelor of Science in Computer Science | Mahasarakham University

2022 – 2026

- Major: Computer Science, Faculty of Informatics

ADDITIONAL INFORMATION

- **Languages:** Thai (Native), English (Basic Working Proficiency).
- **Interests:** Modern Web Development, UX/UI Prototyping, Gaming Performance Optimization.
- **GitHub:** [github.com/kkxpter](#) – Showcasing project development, coding workflows, and web application deployments.
